### AMR Powersports Inc. – Winter Blues

Looking back to my childhood years, ok way back to my childhood years, I remember how much I loved winter because there was so much to do outside. If I wasn’t out on the snow covered gravel road in front of my parents house yelling car as my brother and I played road hockey, then I was probably out on the snowmobile with my friends, or snow shoeing in the fields, or cross country skiing, or... You get the idea.

Back to the present as I send my own kids out to the bus in –18 degree Celsius weather to catch their school bus while just having a power outage the night before that lasted for more than 3 hours. It’s easy to understand why people can hate winter and want to escape south to warmer climates for a week or two.

Now if you are an unfortunate soul like myself who doesn’t have the luxury to escape the great white north, then might I suggest going back to your childhood years and go outside to enjoy our beautiful country and all it has to offer. There are so many activities such as tobogganing, skating or having a game of pickup hockey with some of your old friends. If you are fortunate enough to have a snowmobile or ATV, you can join some local clubs and take advantage of their well-maintained trails. The way I see it, we can stay inside and be miserable waiting for spring to come, or get out there and have some fun. Before you know it, winter will be over!! Oh, and bring your kids along so they can create their own memories that will last them a lifetime.

For the die-hard racers like Steven Nickerson from Hamilton Ontario, you can install some screws into your trail bike tires and go ice racing during the off-season.

Steven, who just turned 15 on Dec. 8<sup>th</sup>, is one of the fast up and coming talents in motorcycle road racing. Steven won the National Honda CBR125R Challenge in 2009 and will be competing in the Parts Canada National Series in the Amateur 600 class for 2010.

### AMR Powersports Inc. 2010 Canadian Road Racing Calendar

We plan to once again compete in the RACE Regional SuperSeries at Shannonville and we will be expanding our efforts to also compete in the Parts Canada National Series as well. The National Series will include rounds in Ontario, Quebec, Alberta and Nova Scotia.

To help us compete at this level, we’ve designed a really cool 2010 Road Racing Calendar we are selling to help raise funds. The calendar measures 17” wide by 22” high when open and includes some high-resolution race actions photos along with the 2010 Regional and National race dates.

We are selling the calendars for \$10 including taxes and they can be purchased by visiting our website at [www.amrpowersports.ca](http://www.amrpowersports.ca) or calling 613-361-2677 to place an order.
